

Dreams come true – 2015

Josef Haid

Lost my way

One day in Austin Texas, after a week of heavy work
A night before for my plane home, didn't really want to wait
Took a flight to Vegas, with a good friend of mine
Got a Shelby V8, only for that night

Arriving late in Vegas, driving the Strip in our Shelby V8
A drink at Caesar's Palace and dinner at Nobu Hotel
Bored at Hard Rock Cafe, so we got into our Shelby V8
To hit some dark desert roads, driving into the wild

That night I lost my way, in that black Shelby V8
That night I lost my way, on a dark desert highway
That night I lost my way, in that black Shelby V8
So I learned the hard way, no dark desert roads at night o yeah

At last we found our way, out of Moapa Valley o yeah
Parked our dusty V8, at McCarran Airport driveway
Flew out into the daylight, to Miami beach
We'll always remember, that night in our Shelby V8

That night I lost my way, in that black Shelby V8
That night I lost my way, on a dark desert highway
That night I lost my way, in that black Shelby V8
Oh I learned the hard way, no desert roads at night... Ohh yeah ...
